

Video Surveillance Systems

See what our customers have to say about us

The people we have interacted with have been knowledgeable, friendly and have provided excellent customer service.

Elise Kates
Pharmasave Programs Coordinator

Onsite has provided us with hardware and software replacements and upgrades, we recommend them highly.

Rob Gascho
President - OSSTF District 24 Waterloo

Their response to our IT needs is continuously addressed in a timely and courteous fashion. Each technician has demonstrated outstanding levels of customer service.

Amy Banton
Total Focus Foodservice Marketing Inc

I would happily recommend your company's services to anyone who enquires.

Robin Thebeau
Pharmasave Manager

A smart video surveillance system is an important element in protecting your investment. Show that you are serious about security with video surveillance.

Prevent Theft:

Prominently placed security cameras can help deter potential thieves and identify those in question.

Break-in Prevention:

Monitor your place of business during and after business hours.

Employee Theft:

Prevent potential employee theft by constant video monitoring.

Remote Monitoring:

Monitor any of your cameras at any time over the internet - perfect for stores with multiple locations, or franchises.

Reduction in Insurance Costs:

Insurance companies will provide a discount on your premium when you install a video surveillance system.

Improved Customer Satisfaction:

Use existing video recordings to verify customer prescription pickups and verify other customer activities that may be in question.
